

AGED IRONMASTER WHO DISAPPEARED FOUND IN HOSPITAL

John Gardner of Brooklyn Picked Up by Stranger After Collapse on Street.

John Gardner, an aged ironmaster and one of the founders of the Union League Club, who wandered away from his shop at No. 91 Market Slip, Tuesday, was found to-day in Harlem Hospital by his family, who have been searching for him day and night for two days. He was taken to the hospital in a state of mental and physical collapse by a stranger, who picked him up in the street.

The attention of the family was turned toward Harlem and the Bronx by Franklin Webster, ticket agent at the Bronx Park elevated station, who saw Mr. Gardner at the station yesterday afternoon at 4 o'clock, but did not know of the search for him.

Mr. Gardner gave Webster his name and address and borrowed 10 cents to pay his fare home. He said he had lost his overcoat, but a little later it was found in a storeroom of the station.

When Webster learned from an early edition of The Evening World to-day that his visitor had been held at once called this newspaper on the telephone and told of Mr. Gardner's presence at the station.

Mr. Gardner's wife, who is as old as he, was prostrated with grief at their home until William H. Snyder, general superintendent of the United States Express Company at No. 2 Rector street, informed her at 1 o'clock to-day that her husband was found.

Mr. Gardner, one of the owners of the Eckerd Iron Company, which was formed with him under the name of 1873. He was the inventor of many marine engineering devices.

ROOSEVELT IN FAVOR OF VOTES FOR WOMEN.

Ballot for All Citizens, Irrespective of Sex, is the Colonel's Declaration.

CHICAGO, Feb. 22.—Col. Theodore Roosevelt has come on record as favoring votes for women. In an address at a big meeting in the First Regiment Armory here yesterday, which was designed primarily as a word of counsel for the foreign-born citizens of Chicago, the former President took occasion incidentally to announce himself as an advocate of woman suffrage. This, however, was in contrast to Miss Jane Addams, who sat beside him on the platform, but the language of the Colonel was unequivocal.

"Personally," he declared, "I am in favor of giving the franchise to all citizens, irrespective of sex."

Son of Late Millionaire Pickhardt Denies Charge in Fine London Accents.

A solderly looking man with an English accent, which would go far toward making a musical comedy, was arraigned before Magistrate Herman in West Side Court to-day, under the pleasing name of Bertrand Boncourt de Montmorency Pickard. So it was written on his card. On the police records it is written Emil Pickhardt.

De Montmorency is a tea salesman. His father, Wilhelm Pickhardt, was a famous athlete and a champion of the world.

At the Congress held in Washington, D. C., the noted scientist and specialists unanimously endorsed and recommended X-ray examinations.

He came to New York as the ONLY way to find out existing conditions and to make a positive diagnosis of the early and different stages of tuberculosis, heart disease and their kindred internal ailments.

The success which has attended Dr. Anderson's treatment of internal diseases is the direct result of his ability to read symptoms and their relation to each other, and to determine what they are in the earliest stages, and from this knowledge sooner than is possible to the usual medical examination of tapping the outside of the chest or listening with the ear.

He writes at the time of his arrival, and from the very first diagnosis, each patient receives the proper treatment suited to his individual case, and for the exact disease he is suffering from.

He makes no charge for his services, and the result of his work is to save money, time and trouble.

He is a man of great experience and skill, having a dozen patients, but is the result of a success of twenty years' experience as a lung specialist, and an expert in the diagnosis and treatment of all Chest and Throat Diseases. There is no danger of a wrong diagnosis or of being treated for the wrong disease.

Examination and consultation are given at the office without charge. Consult Dr. Anderson, 200 Madison Avenue, between 5th and 6th Streets, New York. Hours, 10 to 4; Monday, Wednesday and Friday evenings till 8 o'clock; Sundays, 11 to 2. New descriptive booklet sent, gratis, to any address.
